Isparta
A CALL TO NATURE

Kovada Lake National Park
It is a special place for those who want to photograph its unique beauty and take a walk in the wild, especially in spring and autumn.

Kızıldağ National Park
The park is located within the boundaries of the Şarkı Karaağaç district and has a special place in health tourism. It is a natural treatment centre for asthma and COPD patients.

With its natural beauty, terrain and climate suitable for different activities, Isparta offers peace for those who seek it and adventure for the adventurous.

FOUR SEASONS OF NATURE AND SPORTS

Hundreds of nature and camping enthusiasts look forward to May each year to reunite at the Dedegöl Melikler Plateau Mountaineering Festival.

Isparta has many plateaus, forests and canyons ready to be explored by nature and wildlife enthusiasts and it also offers athletes unique opportunities for nature sports.

The plateaus and rocky areas that surround Dedegöl Mountain provide a suitable environment for adrenaline sports such as camping, trekking, caving, climbing and slacklining.

WATER SPORTS CENTER; EĞİRDİR

You can swim, sail, surf and row in Lake Eğirdir, nature’s gift to people with its clear water and clean beaches. Eğirdir has been hosting the triathlon competition every September for 16 years.
